“Love & Cherish the City in which you live”

February 2013

## From The President:

Welcome to the first edition of the Kernel for 2013, and I hope every one had a Merry Christmas and wish you all a belated Happy New Year.

Although it was meant to be our “time for a break” period, a lot work has been going on at Glenalvon and for the Society. This included the work on the glass slides. A working bee was held over 4 and a half days processing approximately 500 slides. A process line of our volunteers cleaned, rinsed, dried, digitalised and labelled them, to the State Library standard. Thank you to all who helped, especially David and John. There is still a lot of work to be done, but we have started! Thanks also to Kevin Rixon for all his first class carpentry work. He has great imagination on how to create items to improve things.

On Saturday 19th January we hosted a “Birthday Bash” arranged by Stella and her friends from St.Peters. Despite the drizzle it was very well attended and all enjoyed the friendly atmosphere.

At the February general meeting we will commence the display of Glenalvon, kindly lent to us by its creator Peter Giurin. It will be on display in the Library for some time, so please take the opportunity to visit and see this feat of patience and skill. Peter will also give a short talk at the meeting on how and why he made the model.

At last something may be done with the old RSL, and we have been approached by the builders about the adjoining wall. I will keep you informed on the progress.

**Tour Guides.** We have a wonderful band of willing volunteers in all areas BUT we do need some more Tour Guides. You would not be expected to know all about the history of Glenalvon, as there are plenty of guide notes and assistance. Please contact Jenny or myself if you would be able to help. Even 1 open day a month would be a great help. Also badly needed is someone to dust the furniture and clean and wash the display china etc. A steady hand is all the experience needed. Please contact if you are interested.

The Servants Quarters have been painted inside and out, as well as the timber flooring of the back terrace.

Also the pavers on the terrace were spray cleaned. All this is a great improvement.

New displays are currently being arranged in the Servants Quarters, for Heritage Week and Community Milestones, and we also will change the pictures on display.

## **Filing**

I have completed the sorting of the 6 archive cabinets over the last 15 months. A copy of the index booklet is in the Research File in the office cabinet and another copy is hanging on a key on No 4 filing cabinet, in the stables. Each drawer has a copy of its contents attached to the front. I have cross referenced files where possible but as we use the information then please write anything that needs to be cross referenced on the index booklet hanging in the stables so that I can update the master copy. If you have any suggestions on improving the files then just leave a note in the book on the cabinets. If you borrow anything then please write it in the book and place a coloured folder marker, from the bottom drawer in cabinet 5, in its place.
